

## EggMarketing Services

---

Wenger's has been marketing quality nest run eggs as Eastern Ag Services since 1977 and introduced Wenger Feeds Egg Marketing Services in 2006 to provide customers with a greater variety of products and services along with greater flexibility.

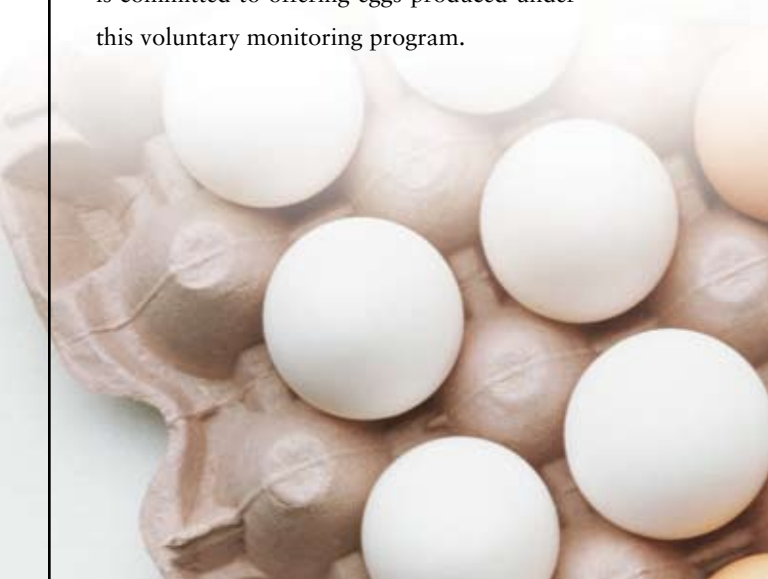

### **Central Location, Dependable Service**

Centrally located in scenic Lancaster County, Pennsylvania, Wenger Feeds Egg Marketing Services has the advantage of being within short driving distance of major population centers in states that account for almost 20% of the United States population. Our prime location helps insure the freshness and condition of the products we market while keeping transportation costs low. Wenger's markets eggs that are produced with high quality local corn in addition to the finest vitamins, minerals, and other ingredients.

## The PEQAP Advantage

In addition to quality ingredients, Wenger Feeds Egg Marketing offers eggs produced under the guidelines of the Pennsylvania Egg Quality Assurance Program (PEQAP). Pennsylvania was the first state in the nation to institute steps to reduce the risk of *Salmonella enteritidis* (SE) contamination of chicken (shell) eggs with a comprehensive flock testing and management program. The PEQAP program assures a commitment of the producer to implement and monitor practices most likely to prevent contamination. Monitored by the Pennsylvania Department of Agriculture with technical advice from the Pennsylvania Department of Health, PEQAP participants are assuring the public that they are taking every reasonable precaution to assure the safety of shell eggs. Wenger Feeds Egg Marketing Services is concerned about food safety and is committed to offering eggs produced under this voluntary monitoring program.

## Full Line of Products

Wenger Feeds Egg Marketing Services markets nest run eggs from more than 4 million birds and offers a full line of nest run egg products including:

- ▶ White and brown eggs
- ▶ Specialty eggs including Omega 3, high color, and low color yolks
- ▶ Traditional or cage-free production
- ▶ Animal Care Certified
- ▶ Certified Humane Raised and Handled
- ▶ Other varieties available upon request
- ▶ Flexibility in pricing programs
- ▶ Delivery available throughout the Mid-Atlantic Region and beyond

In addition, through our network of producers and processors, we have the ability to broker graded and cartoned eggs.

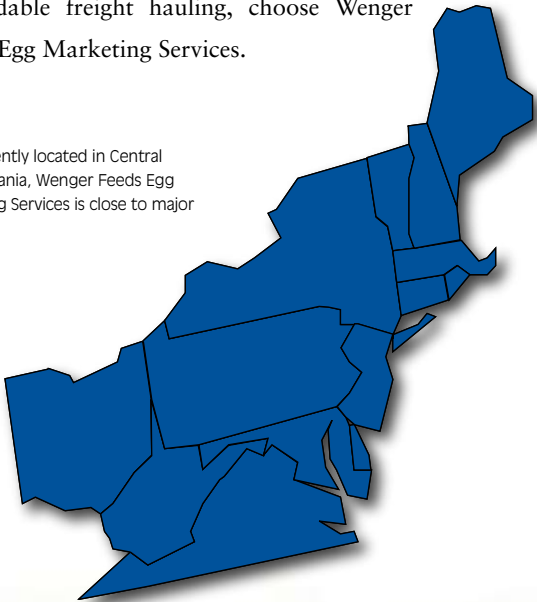

## Delivery & Freight Hauling

Whether it is eggs, other refrigerated products, or dry freight, Wenger Feeds Egg Marketing Services can provide you with transportation solutions. Our fleet is available to make deliveries throughout the Eastern part of the United States and is staffed by knowledgeable drivers with experience hauling perishable products.

For a higher standard in nest run eggs and dependable freight hauling, choose Wenger Feeds Egg Marketing Services.

Conveniently located in Central Pennsylvania, Wenger Feeds Egg Marketing Services is close to major markets.

Wenger's, a family-owned company founded in 1944, is a major supplier of poultry and swine feeds and allied services in the Mid-Atlantic States. Wenger's has mills in Rheems, Mount Joy, Shippensburg, Muncy, and Spring Glen, Pennsylvania and Massey, Maryland.
