

## FlockServices

---

Wenger Feeds Flock Services programs include layer, pullet, broiler, and broiler breeder service and are designed to assist the producer or grower in daily flock management and enhance communication to maximize flock productivity.

### **Experience**

Wenger Feeds Flock Services technicians have over 130 years combined experience in flock management, and as a company, Wenger's has managed flocks for over 45 years.

### **Programs**

Our team of Certified Poultry Technicians (CPT) are available on-call 24-hours a day and provide a variety of services including: pullet scheduling, breed specific feeding programs, lighting programs, vaccination service, health management, blood testing, ventilation programs, written reports, and production records.

## Maximize **Productivity**

Superior flock service is an investment that pays for itself. With support and guidance from Wenger Feeds Flock Services, layer customers can maximize egg numbers while optimizing egg weight and controlling feed consumption. Broiler customers can achieve optimal feed conversion while maximizing profits.

Wenger Feeds Flock Services is a smart choice for today's producer or grower.

Wenger Feeds Flock Services is conveniently located in Central Pennsylvania.
